# TALLBlue™

Merlin-Garden Pro™ Pre-Filter Unit

## Options

*High capacity pre-filter specifically designed for the Merlin-Garden Pro. Adds 2 extra pre-filtration stages for maximum protection of the Merlin-Garden Pro from dirty source water. Pre-filter last 3X as long, membranes have extended life. Merlin-Garden Pro runs more efficiently and may produce cleaner water. Highly recommended when using more than 140 gallons of product water per week average. Saves time and money.*

### KDF85/Catalytic Upgrade Filter

Removes chloramines, chlorine, iron and sulfur. Great for well or city water users.

### Flowmaster

Gallon meter and filter capacity monitor. Indicates when to change your pre-filters.

### TDS Monitor

Measure PPM of dirty water going in and pure water going out. Monitors performance of your membranes.
